

# PURPLE PAGES

## Honor Roll Edition

*From the principal's desk...*

We are pleased to announce the Milton Elementary School Honor Roll for the third quarter. Student achievement is our main focus and it pleases us to honor students who have achieved High Honors or Honors according to our criteria.

### **Honor Roll Criteria:**

Honor Roll Procedure and Criteria

All students in fourth and fifth grade are eligible for Honor Roll. The criteria is as follows:

High Honors	All A's
Honors	All A's and B's

Grades with a plus or minus do not have a bearing on honor-roll status (e.g., an A+ is an A; a B- is a B). For subjects graded with an O, S, N, or U, students must have an O or S to qualify for high honors or honors.

### **Fifth Grade High Honors**

*Rylan Bourdeau  
Brianna Hanson*

### **Fourth Grade High Honors**

*Bella Lapierre  
David Miller*

### **5th Grade Honors**

Izabella Brochu	Charles Martin
Landon Collins	Noah Mayrand
Gage Forcier	Maybeline Muldoon
Allison Hampton	Brooke Newsone
Alana Srnec	Colin Trefethen
Kaylia Vasile-Knight	
Aden Wideburg	

### **4th Grade Honors**

Alexandra Ackerly  
 Chloe Bill-Peterson  
 Sophia Blair  
 Jackson Collins  
 Colby Hanscom  
 Ryan Kane  
 Brody Leeman  
 Juliana Luca  
 Anna Mantopoulos  
 Abigail McDonough  
 Helen Nie  
 Griffin Patch  
 William Richards

## UPCOMING DATES

**May 16** - Early Release Day

**May 22** - Parent Meeting for 2018-2019 Kindergarten Students - 6PM-7PM

**May 23** - Kindergarten Screening 9:00-3:00

**May 23** - NO SCHOOL FOR PRESENT KINDERGARTEN STUDENTS ONLY

**May 24** - Spring Music Concert

**May 28** - Memorial Day - No School

## Field Day 2018

Once again we are getting ready for Field Day for Grades 1 and 2. All students in Grades K-2 will participate on Thursday June 7, from 9:00-11:15. Currently we are in need of volunteers to help run stations smoothly. If you are interested in helping out contact Mr. Sharrow at [kirk.sharrow@sau64.org](mailto:kirk.sharrow@sau64.org).

*Grades 3-5 will have field day on June 6 - volunteers are not needed for that day.*

## Health Office News

### Spring AND ticks have arrived.

The month of May brings not only flowers but also pollen, ticks, mosquitos and even sunburn. I suffer from pollen allergies myself, so I know how uncomfortable it can be when I forget to take my daily allergy medication. If your child suffers from these allergies too, try to make sure they take their allergy medications in the morning and remind them to wash their hands after being outside so they do not rub their eyes and increase their allergic response. Allergies can also be triggers for students with Asthma, so make sure they have their inhaler at school.

Last week I also started to see students come to the health office with ticks. It is perhaps no surprise that NH is one of the leading states of tickborne illness in the country. The Centers for Disease Control and Prevention has many great fact sheets, pictures, and information on their website: <https://www.cdc.gov/ticks/index.html>

Some suggested ways to cut down on tick exposure include:

- Avoid walking/playing in areas that are wooded or have high grass
- Clear leaf and lawn debris from your yard and keep your grass mowed in the summer
- Wear long sleeves and pants tucked into socks when walking in areas where they may be ticks
- Apply tick repellants on exposed skin and clothing. The Environmental Protection Agency (EPA) has an [online tool to help you select the repellent](#) that is best for you and your family.
- Check your children nightly for ticks. Besides on the head, don't forget in and around the ears, under arms, inside the belly button and on the backside where the child can't see.
- Treat your pets with tick prevention products recommended by your vet and check them daily after being outside.
- If you do find a tick, remove it by using a fine-tipped tweezers as close to the skin as possible and pull upwards with steady pressure. Thoroughly wash the area afterwards with alcohol, hydrogen peroxide, or soap and water.

Sunburn can also be a problem this time of year because we have forgotten how strong the sun is and do not remember how quickly we can burn. The sun's UV rays can damage skin in just 15 minutes. Our students are outside at recess at the time of peak sun exposure. Applying sunscreen in the morning before your child comes to school, wearing a hat, and protecting eyes with sunglasses can all help. If your child gets sunburned, remember to apply aloe gel or lotion at home in the morning, as I do not carry sunscreen or aloe gel in the health office.

## *for the Parent Involvement Survey in Special Education*

If you are the parent of a child between the ages of 3 and 21 who receives special education services, the New Hampshire Department of Education and your school district want your input!

**You will receive a survey in the mail in EARLY MAY.**

Please complete and return it in the postage-paid envelope OR log on to **WWW.NHPARENT.COM** and complete it on-line!

**PLEASE MAIL COMPLETED SURVEYS BY JUNE 15, 2018.**

*Thank you for your time and participation!*

If you need help to complete the survey or if you do not receive a survey contact:  
Scholastic at [arizzo@scholastic.com](mailto:arizzo@scholastic.com) or 212.389.3464
